## Partners in Change Committee

- ❖ Over the past several months, the Partners in Change Committee has been addressing concerns regarding the single rotation list for lost time, overtime, and float time. The committee has also addressed issues such as preceptors and cyclic schedules.
- ❖ If you would like specific questions or concerns addressed, you may present them at the open forum which is available for the first 10-15 minutes of each Partners in Change Committee meeting (each party is limited to 5-10 minutes). Your presentation should include a thorough discussion of the problem and a suggested resolution. There is a form available to be completed with this information, along with any pertinent attachments. The completed form is to be returned to Al Hendra's office, Carolyn Hietamaki, or any other Partners in Change Committee member. You will then be notified of a meeting date and time.
